Application for;

Electric Vehicle Charging System (EVCS) Cost @ \$3,150 + HST

Preferred method of communication: Mail E-Mail

STATUTORY REQUIREMENTS

This is an application from an owner(s) in the above-named condominium corporation for the installation of an electric vehicle charging and appurtenant equipment (“*installation*”). I acknowledge and confirm that this form constitutes my application for the installation of an electric vehicle charging system pursuant to section 24.5 of Ontario Regulation 48/01 made pursuant to the *Condominium Act, 1998*.

SPECIFICATIONS AND REQUIREMENTS

The installation shall be in accordance with the following requirements and information:

- a) Power shall be provided from one of OCSCC 711’s common element breaker panels to the above-noted Parking Unit via electrical wiring capable of supporting a minimum of 32A at 208V (#8 or #6 wiring depending on the distance from the designated OCSCC 711’s common element breaker panel).
- b) In addition to the above requirements, the installation shall comply fully with all provisions set out in OCSCC 711’s governing documents (including the EVCS Policy) and the *Condominium Act, 1998* and all regulations passed thereto.

ACKNOWLEDGEMENT

By signing this application form, I/We agree, represent and warrant that I am/We are the registered owner(s) of the above-referenced Residential Unit and Parking Unit and I/We acknowledge that OCSCC 711 will implement an EV Policy regarding electric vehicle installations.
